---

I am a resident who lives nearly opposite the property in question I am at the bottom of Hillside Avenue my only concerns are that the proposed extension does not encroach on to the car park at the rear of 257 Bank Leek Road I'm hoping that clients of the physiotherapist business will be able to use this when they come for treatment however at this moment I have no idea how many will be treated by how many physiotherapists at the same time it is not a very big car park my concerns are that there is no parking allowed between 8-30 and 9 am and between 3 and 4 pm because of the school on Hillside unfortunately many parents park all the way up Hillside during these times we have reported this on many occasions but are not sure that any parking camera vehicle has ever been if the physiotherapists car park is full especially between these no parking times then this would only add to the problem regard Kevin Litherland
