I would like to bring to your attention my objections for the above planning applications.

1. I am a Director at Stonevalley less than a mile from Higherland Farm which has been a very successful business for many years.
2. Why should the same type business be allowed to set up in business so close to ours.
3. Higherland Farm is set in a very rural area, not suitable for big lorries delivering the stone .
4. At the moment all is quiet and that is what you expect in the country but obviously if this is passed

this will not be the case there will be no peace for the immediate neighbours.
5. Higherland Farm is on Green Belt Land and has Green Belt restrictions.
6. Looking on the plan, there is no where enough room for cars etc to park.
7. In bad weather how are big lorries going to deliver there the roads will probably be blocked.
8. It will be very dangerous more than likely lorries will be parked on the narrow lane.
9. I am also appalled in the application that obviously Stonevalley is mentioned but also my late brother's name and date of death.

It also goes on to mention it is now run by the surviving family shocking. This has caused a lot of upset for the family this should never

have been in the application.

10. My Brother who ran Stonevalley for many years was well known by a lot of people and they are not happy.

Look forward to hearing from you with your comments

Regards

Sarah Cuthbertson

Director Stonevalley
