Submission: Objection

Comments: As the next door neighbour I feel I have to strongly object to the proposed south west facing planning application of a really large balcony that will serverly encroach on our privacy. In the original plans they were having juliette balconies and now its a really large 3 meter out full length of their property overlooking our garden and looking straight into our lounge as they are split level bungalows and our lounge is upstairs. Also they have had all of their current applications passed which we objected to as they took our light and most alterations are on our side and directly affect us, taking space, privacy, light. I can only object against this application as we were told juilette balconies minimum. Therefore not directly affecting us and our privacy. Many thanks
