For the attention of [REDACTED]

Dear Sir,

Re: Wentlows Hill, Upper Tean

I refer to your letter of 31st July 1990 concerning footpaths on the above site.

In general terms, I consider any extension to the footpath network in this area would be welcomed, especially if it were to link in some way with footpath 17, as indicated on the statutory rights of way map for the area.

However, whilst you may already be aware of this fact, the pathways you indicate as being suitable for statutory acceptance, cross an area of land already having the benefit of planning permission and a further portion of land awaiting a decision on appeal for residential development on it. Therefore, should the paths be adopted, they may prove contentious issues in future applications on this site for detailed residential approval.

I close by indicating these views are those of Officers and this matter has not been discussed at a member level.

Yours faithfully,

[REDACTED]
Assistant Chief Planning Officer

Planning Inspectorate

Department of the Environment
