Comments: I strongly support the planning application-SMD/2025/0385.

- 1.This application meets with all local policies to encourage new startup small businesses in rural areas.
2. This proposal makes productive use of a site that otherwise remain underused or fall into disrepair.
3. This application will also bring new valuable jobs into the local area. With valuable revenue streams for not just this business but others in the area.
4. Applications of this nature can be with the correct screening blend in with rural character.

I also would like mention in this comment of full support, that after reading through all of the comments left my conclusion of the objections mostly seem to run other businesses from the very same area. So all of the objections brought up do actually apply to them. DO AS I SAY NOT AS I DO seems to spring to mind.
