Submission: Support
Comments: Dear Planning Team,

I would like to submit my support for the planning application to build 50 homes in Cheadle.

This development will bring significant economic benefits to the town, including increased local spending, job creation during construction, and long-term support for schools, shops and local services. New housing brings new families and helps keep our community thriving.

The proposal makes good use of land that is currently underutilised and will contribute positively to the local housing supply.

I hope the application is approved so Cheadle can continue to grow in a sustainable and positive way.
