Submission: Support

Comments: I am writing to express my support for the proposed development of 50 new homes in Cheadle.

There is a clear need for additional housing in the area, particularly for families and young people who struggle to find suitable and affordable homes locally. This development will help address that need while supporting the wider growth and sustainability of the town.

I believe the site has been thoughtfully chosen and is appropriate for residential use. It is close to existing community facilities and would integrate well with the surrounding area.

I hope the Council will take these benefits into account and approve the application.
