Copyright of this drawing is vested in the Architect and it must not be copied or reproduced without consent. Figured dimensions only are to be taken from this drawing. All contractors must visit the site and be responsible for taking and checking all dimensions relative to their work. Hewitt&Carr Architects Ltd are to be advised of any variation between drawings and site conditions.
THIS DRAWING IS FOR PLANNING PURPOSES ONLY AND CLIENTS/CONTRACTORS ARE ADVISED TO CLARIFY DIMENSIONS WITH THE ARCHITECT PRIOR TO SETTING OUT.

Rev.	Drawn	Comments	Date

New softwood hopper windows to receive 14mm Heritage slimline double glazed units with max. 20mm true glazing bars and 8mm sight line, utilising float glass held in place with linseed oil putty.

All other openings to receive 24mm double glazed units utilising float glass with timber beads internally. Set back a minimum 200mm within the reveal to minimise external reflection and appearance.

Additional hidden support steel lintels/plates may be required to strengthen & support damaged/inadequate lintels, or stone lintels to be replaced with new stone lintels to match existing, only if necessary. All with Conservation Officer's prior agreement.

Windows to be fitted with butt hinges complete with traditional window stay and casement fasteners. All joinery to be primed and finished in paint colour - RAL 7032 Pebble Grey

Dimensions of openings are indicative only and must be checked on site prior to ordering. Window details may require further clarification from window manufacturer, and details approved by Conservation Officer, prior to window manufacture.

Shutters to be assessed for suitability and repaired in like-for-like materials/profiles, wherever appropriate, or recreated utilising existing ironmongery, if required.

F.L. - Window with fixed casement.
O.C. -Window with opening casement.

Drawings to be read in conjunction with 00101 PL(0)15G, PL(0)16E, and AC(3)01.
