Submission: Support

Comments: I have been a resident of Edge Lane for over forty years and to my knowledge the field where the proposed riding arena is situated has been used for many years for the exercise of horses. The siting of the proposed arena I believe will improve the area and have no visual impact on the amenity. The fields surrounding Edge Lane are peaceful and quiet and I do not believe this proposal will cause or create any noise disruption or ground unsettlement. The proposal is underpinned by the need to have a safe and controlled area for the exercise of a horse as the surrounding public roads and lanes are not safe for such a young rider. I therefore fully support this application.
