Submission: Objection

Comments: This is a slightly revised application to that made earlier in the year which was rejected. The only change now being proposed is for the riding arena to be closer to Edge Lane and thereby slightly further from our property. However, this does not change the fundamental objection to the application nor address any of the grounds of the previous rejection. I wholeheartedly concur with the comments made by Mr P Butler. In addition, the exception to building in the green built is limited to sustainable development. This does not meet that criteria in any respect. The applicant is not going to use the proposed riding arena, it is not a business and it is not sustainable on any basis.

I am also concerned at the flouting of the planning legislation by the applicant in respect of the current stable block and early works associated with the rejected application.
