Subject: Planning application ref no SMD/2025/0523

[REDACTED]

I am resident at no 9 parklands, ST8 7JL, I wish to express my concern raised by the proposed change of use of property at no 1 Parklands. I feel that, given the age and socioeconomic status, of the areas existing residents/population, it would be wholly inappropriate to house young persons, experiencing behavioural and psychological issues in that setting. There are few amenities for younger persons, in the locality, raising fears of delinquency and antisocial behaviour. Also, additional vehicles and parking issues, would impact on current residents. I therefore wish to oppose the application for change of use. S Daly Sent from my iPhone
