Subject: Proposed development Ref- SMD/2025/0529
[REDACTED]

Good afternoon,

I'm writing regarding the land adjacent to my mother's property at 8 Sleigh Grove, Leek Staffordshire which we understand has been part of her garden since she moved in over 20 years ago and the previous resident before her.

We have no objection to the plan for No. 9 Compton House(Mr Kim Bradford) to have the small plot and pull-in. However, we would kindly request that the area behind be fenced off Our concern is that without fencing, it could become a walk-through for non-residents, this is why the green metal fencing at the bottom adjacent to Challinor avenue was put in place.

Additionally, my mother is nearly 93 and has been diagnosed with Alzheimer's. For her safety, we want to ensure there's no risk of her accessing the road below through the gate at the top adjacent to my mother's property.

Kind regards,

[Mrs Carol Carter)
