[REDACTED]

Submission: Objection

Comments: I object to this application for the following reasons: The village is not an appropriate environment for the care and development of these children, there are limited facilities to enable the children to become independent and engaged. There are very limited public transport options to enable the children to travel independently as they grow older in order for them to access facilities such as libraries, leisure centres, shops and cafes or extra curricular activities at secondary school.. Challenging children with any behavioural issues need access to local facilities to educate, entertain and allow them to engage in social interaction with peers and the public. The nearby local towns which have all these facilities would be much better suited to care for and support these children who deserve the best opportunities, not limited ones.
