Subject: Re application SMD/2026/0016

[REDACTED]

Dear Sir/Madam

I received a notification yesterday (26/01/2026) but dated 15/01/2026, of the planning application for proposed extension of Isny, Lansdowne Close.

I have no objection to the planned proposal, but have already requested that the applicants (Mr and Mrs Warren) build the extension adjacent to my conservatory, and running the entire length of it, with a light coloured finish to minimise darkening my conservatory too much.

Having viewed the plans, I note there is a proposed window in the en-suite bedroom. This would directly overlook my conservatory so I would request that it be glazed with obscure glass, which may be intended anyway.

Yours sincerely
Jill Reede (Highcroft Lansdowne Close).
