Submission: Objection

Comments: SMD/2025/0523 Change of use to Childrens Home.

This is a small rural village with only one school (first school only) so any other children would have to have transport to schools.

There are little social activities available in the village for school children and transport does not run throughout the whole day. The outlying roads around the village are not really safe to walk up on as there are only footpaths in the village itself and not on any other roads making it dangerous for children or even adults to walk.

As a rural village there is more of an aging population so less likelihood of the children having friends of their own age in the locality. This would probably not be conducive to creating a good social network for children who probably desperately need it.
