Description of Proposed Works

Please describe the proposed works

I previously used permitted development to get approval for a dormer roof extension on 23/03/2004, and planning approval for the existing conservatory was granted on 08/07/2004. I now plan to remove the 5m x 2.5m conservatory at the rear of the property and replace it with a 6m x 4m flat roof extension in the same spot. The new build will feature a roof lantern, fully opening bi-fold doors to the garden, and glazing, with an EPDM ventilated flat warm roof, block walls, and a monocouche render finish. Side walls will be partially glazed, with minimal glazing facing the fence line on the left where it's under 3m away, and partial glazing on the right where the fence line is over 3m away. The existing opening from the rear kitchen diner will be retained. The extension will meet all building control and structural requirements, have a total volume of 96.0, a total height under 4m, eaves height under 3m, a projection under 4m from the rear wall, and a width under 6m. The slightly raised garden at the rear will be retained as needed, with drainage installed to building control standards.

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'biodiversity gain condition' requiring development to achieve a net gain of 10% of biodiversity value.

This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.
