Dear Reuben,

Thank you for consulting with Staffordshire County Council's Historic Environment Team with regards to the above application. We have reviewed the proposals against the information held by the Staffordshire Historic Environment Record (SHER), which shows that the site lies within an area recorded as a Domesday settlement, and is surrounded by several historic farmsteads. However, taking into account that the building proposed for conversion is mid-late C20th in date, together with the small scale of the proposals, we do not wish to raise any archaeological issues in this instance.

Should you have any queries regarding the content of this advice, please do not hesitate to contact me.

Kind regards,

Laura
