Submission: Support

Comments: RJB Physiotherapy is a fantastic local business with an excellent reputation, and it has treated both family members and employees of mine with diligence and expertise which is second to none. This expansion is desperately needed so that RJB can continue to offer its services with inclusivity to all those who may find their mobility issues render the current site unusable. Here we have a business which wants to offer the best for their clients and the council should support it wholeheartedly as a vital addition to the local community.
