

The map displays a residential property at 1000 Warwick Avenue, outlined in red. The property features a house with a front porch, a driveway with a car, and a rear yard with a swimming pool. The map also shows neighboring lots 3, 5, 8, 9, and 10, and the street Warwick Avenue.

The existing conservatory glass roof is to be converted into a lightweight tiled warm roof system with roof tile colour to match the existing dwelling roof.
