Email: [REDACTED]

Submission: Objection

Comments: The proposal constitutes a danger to many residents in the area. It is dangerous to have so many in one place and far too large. It will wipe out areas of wildlife habitat, cause major disruption on local roads. There will be light and noise pollution over a wide area disrupting the lives of residents. There is great potential risks of fire, as has happened in other areas, and the size of this new proposal would make a fire catastrophic. [REDACTED]
