Quotations are subject to our normal Terms and Conditions of sale. A copy is available on our website.

Due to the current climate quotes will only be valid for the month they were generated. Unfortunately we are unable to notify customers prior to every increase. Special orders cannot be returned

Customer are responsible for ensuring the accuracy of any design, drawing or specification provided by them. If we are asked to assist customers by estimating quantities, we will not be liable for any shortage or over-estimation of materials nor for any consequential loss, however caused. Estimates will be based on minimum specifications recommended by our suppliers. Final quantities are the customer's responsibility and customers are strongly advised to employ the services of a qualified quantity surveyor.
