Submission: Neither

Comments: As a resident of Farmside Lane, I wish to lodge my opinion in opposing the proposed development of designated green belt farm land, situated nearby to my property. My main areas of concern are:- the impact of increased traffic and congestion caused by parking, environmental impacts, affordability to local families, devaluation of existing properties due to loss of outlook and privacy and other impacts on existing infrastructure and amenities. The community in general is deeply concerned about this and other applications that are being submitted in this rural area.
