Dear Sir/Madam,

Re: Planning Application SMD/2026/0099 – Land South of Farmside Lane, Biddulph Moor

I am writing on behalf of my mother, Mrs Freda Wright, aged 86, to formally object to the above planning application.

My mother has lived at her home for over 50 years and has enjoyed uninterrupted views across the open fields opposite her property for the entirety of that time. These views are not only an important part of her daily life, but also contribute significantly to her wellbeing. She spends much of her time observing the surrounding countryside and wildlife, which provides comfort, routine, and enjoyment in her later years.

The proposed development of seven dwellings would fundamentally and permanently alter this outlook. The loss of open green space and the intrusion of built form would have a detrimental impact on her quality of life.

In addition, my mother is very concerned about the increase in traffic along Farmside Lane. The road is already busy and, in her view, not well suited to additional vehicle movements. Increased traffic would raise concerns around safety, noise, and general disturbance, which would further erode the peaceful environment she has known for decades.

Biddulph Moor is a village with a distinct rural character, and my mother has lived here since growing up on Hot Lane. She values the peace, quiet, and natural surroundings that define the area. This development would, in her opinion, harm that character.

Finally, the property is intended to remain within the family and be passed on to her daughters, who also wish to preserve the same outlook and environment that has been part of their family home for generations.

For these reasons, my mother strongly objects to the proposed development and respectfully asks that the application be refused.

Regards,
Heather Wright
