Submission: Objection

Comments: I am writing to object to this proposed planning application at number 7 Fairfield's Road. I am frankly very upset that this is even been considered, we are the resident directly behind this proposed development. Due to the property on Fairfield's Road been lower down than our bungalow this development would mean that the proposed dormer on the rear of the property would have direct line of sight into what is our 3rd bedroom via the French doors, whilst we are currently using this room as storage, this will be a bedroom once all renovations are complete.. They would also have direct line of sight through our kitchen and all the way through the property and into the lounge at the front. The dormer windows would be at exactly the same height as our rear windows on the property. I would consider this a serious breach of privacy [REDACTED]  
Further up Woodhouse lane have semi detached houses behind, these are significantly higher and do not have direct line of sight into the properties behind due to the angle from 1st floor windows. Should the applicant be willing to have the dormer on the front then we would support this but not on the rear. I will also email the planning officer directly with supporting photographs. Thank you.
