Hello Chris,

With regards to the above application, in order to make a decision I would like further information of the operation of the car parks.

The proposal intends to introduce a new/additional facility at the loss of approximately 23 spaces. Currently there is approximately 43 spaces (counted from Google Maps)(the existing site plan does not identify current parking spaces) and the proposal is to create 20 spaces (identified on the proposed site plan).

I note within the TS a parking survey has been conducted within the existing car parks and undertaken on a weekday (25th of June 2025) between the hours of 16:00-19:00 and on a weekend (28th of June 2025) between the hours of 09:00-12:00.

However, I have concerns regarding the reduction in parking spaces whilst introducing a new facility with additional parking requirements. Therefore, I would like a survey of all the car parks over a 7-day period, days and evenings, Saturday, and Sunday.

Many thanks.

Kind regards,
