Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

The proposed amended wording for Conditions 13, 24 and 25 attached to the outline permission (SMD/2016/0378) is set out below.

Condition 13

Prior to the erection of any lodges within a phase, including the construction of their foundation bases, the internal site roads, buildings and infrastructure, full details of boundary and other means of enclosures for that phase shall be submitted to and approved in writing by the Local Planning Authority. The agreed details shall be completed prior to the development of that phase first coming into use and maintained thereafter for the life of the development in accordance with the agreed details.

Condition 24

The development hereby permitted shall not be brought into use until details of a traffic management scheme to reduce speed levels on the A52 at the junction with the C0165 Whiston Eaves Lane have been submitted to and approved in writing by the Local Planning Authority. The approved traffic management scheme shall thereafter be completed prior to first use of any part of the development hereby approved.

Condition 25

The development hereby permitted shall not be brought into use until a signage scheme detailing the permitted routeing for all traffic entering and exiting the site has been submitted to and approved in writing by the Local Planning Authority. The approved signage scheme shall be completed prior to first use of any part of the development hereby approved and maintained for the life of the development.'

Please state why you wish to make this amendment

It is proposed that the wording of Conditions 13, 24 and 25 are varied as it is considered the information requested within these conditions is not required prior to development commencing. The conditions as currently imposed, require the implementation of the works "prior to the development of that phase first coming into use" (Condition 13) or prior to first use of any part of the development hereby approved (Conditions 24 and 25) and therefore there is no need for the information to be submitted and approved prior to the commencement of the development.

- ☐ No

- ☐ Other person

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
