Hi Jane,

GRM undertook the attached for us which was supposed to be in response to the MMP, if you require further information please let me know and I will ask them to provide it. We don't intend to provide berms as you will see on the attached site sections but there will be excavations. I will ask them to provide an addendum accordingly.

Thanks Jane.

Kind Regards

Richard Gilman M.C.I.A.T

Yes I have that one to satisfy Condition 24. However you are also seeking discharge of Condition 15, the MMP – it's this that I am after. The Soil handling Plan doesn't double up for both as it doesn't cover the requirements of Condition 15. We need to know the quantity of excess that the SHP indicates is to be removed from site, quantity stockpiled, any imported material etc. The condition refers to bunds – if any are proposed we need the detail in the MMP

Sorry Jane,

I missed this completely last week, please find attached soil handling report as requested.

Kind Regards
