Submission: Support

Comments: On behalf of Wonder Star School, I fully support the proposed re-installation of the play area.

For children with Special Educational Needs, access to safe, well-designed outdoor spaces is essential. Sensory-rich play supports regulation, reduces anxiety, and helps children engage more positively with their environment. Opportunities for movement, exploration, and structured play are a key part of supporting wellbeing and development.

This play area will provide an important, inclusive resource for the community, benefiting children with a wide range of needs.

We strongly support its approval.
