Comments: This application is being rushed through, my notification letter only arrived this morning.

I strongly object for many reasons:

It is not in a development area

The area is greenbelt

It is and always has been agricultural land

Other applications in less contentious areas including directly opposite in existing garden have been rejected

It is not infill

Increased traffic in what is already a busy lane

I am submitting this as an immediate list of points as I have had no time to formulate a considered reply
