Submission: Support

Comments: We fully support the application for Rudyard Lake Trust to reinstall the play area. This opens more opportunities for younger people and more frequent visits to this area and surrounding facilities. The plans look well designed with safety first in mind; while maximising the space available for parents and children to relax. This is especially true for many surrounding Scout groups (Cheshire East and Staffordshire) that take part in water activities provided at Rudyard. This will enable parents and younger children to relax and have fun within a safe place near the water. We fully support previous comments from local communities that will benefit from this space while.
