Comments: The Parish Councillors wish to OBJECT to this application.

There is a footpath (Dilhorne 12) which runs through the site of the proposed application and this must not be blocked by any building and must not be diverted unless such a diversion was approved by Rights of Way.

The design of the proposed building is not in keeping with area.

There has recently been an application by a nearby property to convert existing holiday accommodation into full residential use therefore we ask if any new holiday accommodation in the area is viable or necessary.

If the application is granted then we request that a condition is attached that states the accommodation cannot at any time in the future be used as a permanent living dwelling.
