Submission: Objection

Comments: Although I support places for children to play (as a parent myself) I do not support this application.

Myself and my direct neighbour in the Clock Tower are the ONLY residents that will be affected by this play area as it would be directly at the foot of our gardens.

No other house in the village will experience this as my house directly backs onto the play park. It made sitting in our garden unbearable.

If a proper play area is being built (compared to the one before) I can only imagine the problems will be worse than before.

Perhaps a more suitable spot could be used such as the picnic area to build a play area, away from houses.
