Submission: Neither

Comments: I would like to take this opportunity to praise all the hard work undertaken by Ray Perry in completing this proposal for a play area on the land adjacent to the car park at Rudyard Lake. I believe that it will fulfil a need which has been vocalised by friends, family members and visitors to my business for a number of years. I am a big advocate of imaginative play and all things nature & so many papers written about the risks of screen time on children and how being out in nature promotes increased good mental health. Not to mention the importance of offering activities without a cost attached.

Therefore, I would like to take this opportunity to fully support this proposal for a playground at Rudyard Lake.
