Submission: Objection

Comments: I object to this application as a resident of brown edge, I'm concerned about the lack of infrastructure in the village that would be put under extra strain with the additional housing, including schools, traffic is already quite bad going through the high street which has been made especially worse with the recent roadworks on A53. There was also an accident on this same stretch of road which led to speed bumps being installed several years ago.

My other concerns relate to the village itself, there is a small shop and a pub as the only local amenities. Adding 55 more houses will cause damage to the village character and rural setting, leading to further loss of green land in this area of natural beauty, loss of habitats (deer were spotted a few days ago in that area) and wildlife.
