Submission: Objection

Comments: I strongly object to the purposed plans to erect a 100m sq building on a very poorly accessed parcel of green belt land (not agricultural land) as sold at auction !

There is no red detailed outline markings of location of purposed building , part of the land falls under common land which is not owned by the new owner !

Since acquiring the land the new owner has installed water /electricity installed a parking area and track from waste material tipped from local builders contaminated with who knows what material.

The site has been used as a dumping ground that is all on show from concrete slabs /upvc windows /plastic pallets /two hgv truck side curtain bodies housing chickens .
