Comments: The road is dangerous , as the national speed limit applies , most road traffic accidents are not reported, within the last month the turn sign on the junction has been hit, Staffordshire Moorlands Council has repaired it so this is evidential but no accident has been reported. The drive access is extremely dangerous. on Jan 2 2019 there was an accident where one person was airlifted to hospital on Freehay road which is the road that leads to School Lane. The speed limit on the road should really be lowered . Th previous owner of Bracks Farm did not drive so the potential life threatening accessibility to the property was never an issue. During the last few months there has been several multiple potential near fatal misses , again not reported. Moving the access will dramatically reduce the potential for fatality.
