Comments: I strongly object to this application. Not only is the land on green belt which opens onto open countryside, it is not ½infill ½ land and I have some reservations about the dates on the application.

We are slowly but surely eating away at our precious countryside.

I also have concerns that one of the consultants is a family member of the person applying for the permission to build on this land. Surely this cannot be.

Mill Lane is already a busy road often used as a cut through to avoid Cellarhead lights, the speed limit is rarely observed and in conjunction with the proximity to the bridge and the bend extra properties with another access point onto said busy road is only going to add to the existing problem.
