11th JUNE 2026

TO THE PLANNING DEPT

Dear Sir/Madam,

I am writing to you concerning
the proposed building of up to 55 new houses
at land off BREACH ROAD, BROWN EDGE.

My objection to this is as
follows:

- 1 The proposed site is GREEN BELT land
once fields are built upon they are lost
forever. There will be habitat loss.
hedges, rows and trees.
- 2 There is a lack of amenities in the village
no doctors, no dentists, no chemist to
cope with an influx of people. It would
put pressure upon already overbooked
surgeries in the area.
- 3 The traffic generated by the construction
of the houses would endanger school
children as it is the route taken to walk
to and from Endon schools. As well as
pedestrians & cyclists.
of extra cars generated

(2)

by the 55 new houses would seriously impact the 'B' road in & out of Brown Edge.

4 The corner of Breach Road is a black spot for accidents. Many drivers speed down this road from Clayhake. This road also floods from the fields.

5 If this development is passed it sets a precedent for future further development in the Green Belt.

Yours sincerely
