RECEIVED

Dear, Sir,

A Planning application has been submitted to Staffordshire Moorlands district council for the erection of up to 55 dwellings off Breach Road Brown-Edge, having lived on the village for over 60 years I feel this proposal could cause a variety of safety issues on the road, firstly for the children using the footpath going to Endon High School, Secondly the entrance to the proposed site would be extremely hazardous for Rock Cottage Nursery and Nursing home, also the entrance to Greenfield avenue plus the busy traffic already using Breach Road.

We already have flooding issues from the proposed site after heavy rain it can come over the footpath causing flooding in the road. Finally we believe the sewage from the site may have to be pumped as there is no mains sewer near by, and if this system were to fail this could cause problems to nearby water courses as all the water from the site runs into a nearby brook and will then carry on into Endon. If this system were to fail who would be held responsible to put it right

yours faithfully
