Dear Sirs,

I wish to lodge my objection to the proposed building of 55 homes on Green Belt land off Breach Road, Brown Edge.

This will significantly impact on the charm of the area, set a precedent for further development; and add to the traffic volume of what has now become a busy road.

While I appreciate the need for new housing, particularly for younger people, I do not feel that building on greenfield sites is the way forward, particularly in an era when every individual is expected to do their bit for the environment.

There are many sites in nearby Stoke-on-Trent, which can and indeed are being re-developed, providing enough opportunities for housing in the area, as opposed to extending out into the countryside.

Yours sincerely,

Nicholas Weatherall
