Submission: Objection

Comments: I am writing to object to this planning application. Public transport in the local area is very poor. In particular the bus service is very infrequent particularly at the weekends. The addition of 55 dwellings with numerous cars in an area with poor public transport would mean that the new residents would be overly reliant on private vehicles putting extra strain on already busy roads. This would increase congestion and thus be damaging to the environment. It would also cause safety concerns in an area that has an ongoing road safety issue.
