Comments: We live at the other end of Huntley, & as so drive past Tollgate Cottage every day. We have no objections to the erection of the wall & gate, in fact think it greatly improves the appearance of entering Huntley as a main. Previously it was a driveway anyway, therefore the use & purpose have not changed, but the appearance has greatly improved. Everybody needs security in this day & age, even from vehicles turning in your property with disregard to your private property.

In reply to the fact that it is a national speed limit road, would it not be more beneficial to look at reducing the speed limit through Huntley as it is regularly used by walkers, dog walkers, cyclists & horse riders & at times is an accident waiting to happen. Cars speed past our house, with complete disregard to houses & driveways that may have people or cars entering or exiting. The road surface is bad enough at slow speed, let alone the national speed limit, yet we don't see the council investigating these issues.

As a community, it's very nice to see residents trying to improve the visual appearance of the local properties, & have absolutely no issues with it at all.
