Submission: Objection

Comments: I am writing to strongly object the plans SMD/2026/0250 proposed to have a secure C2a unit at John Monroe independent hospital, Reacliffe road, Rudyard.

A secure facility sharing a boundary with a special needs school Horton lodge creates an incompatible environment. Vulnerable children can be highly sensitive to sirens, secure fencing, or outdoor disturbance from an adjacent secure site.

It is also highly incompatible with Horton st Micheal's school. A primary school my 3 year old son attends. The combination of construction traffic, 24/7 staff shift changes, ambulances, and visitor parking introduces significant highway risks to young children during school drop-off and pick-up hours.

A secure hospital operates around the clock. Shift handovers, emergency vehicle access, and deliveries will disrupt the quiet learning environments required by both the primary and special needs schools. This will cause significant noise and disturbance issues.
