Submission: Objection

Comments: I would like to object to this application due to the following

Location is too close to multiple schools which may cause safeguarding issues

Conservation area so high fencing and flood lights that would usually be needed in a C2a facility would not fit within the area

Proximity of footpaths which may need to be moved to facilitate this change

Increased traffic on a road where there are already issues.

This could cause issues for tourism due to the proximity to Rudyard Lake
