

For the urgent attention of the Planning Department
Application Reference No. - SMD/2026/0250

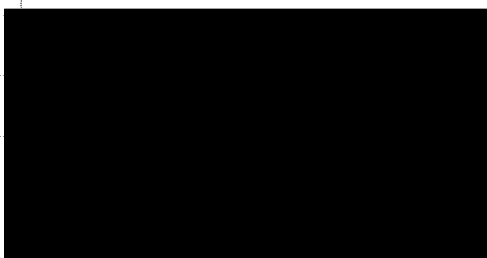

We are writing to express strong concerns regarding plans to implement use class C2a at the John Munroe hospital, Rudyard.

The site is simply not secure enough to be used as a prison, young offenders institution or custody centre.

We are aware that the Government is now housing illegal asylum seekers in military barracks.

We are also aware that illegal asylum seekers have recently been convicted of a number of crimes against UK residents, with some of these crimes being very serious.

We object to C2a use for the John Munroe hospital in a peaceful, pleasant rural area.

Lea Croft, Lake Road, Rudyard, ST13 8RN
