LETTER OF SUPPORT FOR PLANNING APPLICATION PP-15142597

Hi Ben

I put Cheadle in my first email it should be Wetley Rocks sorry

I am writing to express my support for planning application **PP-15142597**, which proposes the provision of stables and a ménage for ponies at the property.

I believe this proposal represents a positive and appropriate use of the land and will provide a safe and suitable environment for the ponies to be cared for, exercised and trained.

There are significant safety concerns associated with riding on the roads around Wetley Rocks. With increasing traffic and limited suitable areas available for safe riding, having a properly managed facility where the ponies can be exercised and trained away from the public highway would be a considerable benefit.

The proposal would also help bring the property and land back into an agricultural use consistent with its original purpose. Supporting appropriate agricultural and equestrian use of land can help maintain its character and ensure that it continues to be properly cared for and utilised.

The provision of a ménage would provide a controlled and safe area for training and exercise, reducing the need to use unsuitable roads or areas where there may be risks to both riders and other road users.

I believe recreational equestrian activity of this kind is a worthwhile use of the land and should be encouraged where it can be undertaken responsibly and safely. It provides enjoyment, exercise and an opportunity for people to develop their skills while caring for the ponies involved.

I therefore respectfully ask the Council to give **full and positive consideration to planning application PP-15142597** and to support the proposal.

I believe the development would provide a safe and valuable facility, return the land to an appropriate use and make a positive contribution to the local community.

Yours sincerely,

Cllr Linda Malyon
Chairman of Staffordshire Moorlands
