Comments: To Whom It May Concern,

I am writing to show my support for the planning application for the proposed static caravan.

I know the family and the business, and they are a good family who work extremely hard. They are trying to build a future for their young family while continuing a business that has been passed down through the generations.

The business is well supported and has built up a good reputation locally. It is clear how much time, effort and money they have put into developing it, and they are continuing to work hard to make it successful.

In my opinion, having suitable accommodation on site is the next sensible step for them. It would give them the opportunity to put more of their time and finances into the business rather than having the additional cost of maintaining a separate home.

They have already shown that they are willing to work hard and invest in the future, and I believe this accommodation would help them take the next step financially and continue building a successful family business for the future.

I fully support the application and hope it is looked upon favourably.

Yours faithfully,
