Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

The current building and site

Please note: Eligibility questions relating to the current building being vacant for 3 months, and it's floorspace not exceeding 1,500 square metres were removed after these limitations were lifted by government on 5 March 2024.

Description of Proposed Works, Impacts and Risks

Proposed works

Please describe the proposed development including details of any dwellinghouses and other works proposed

Change of use back to residential use from mixed use. The property was previously used as a residential dwelling and is proposed to be returned to residential use.

Each property has its own ground-floor personnel entrance and adjacent shop display window.

Historically, the lower-ground-floor shop space at No. 55 was opened through into No. 53, creating a larger interconnected commercial area. The previous staircase serving No. 55 was also removed.

The two properties remain separate buildings, with the dividing line shown on the attached plan.

A new dividing wall will be constructed between No. 53 and No. 55 at lower-ground-floor and first-floor levels, reinstating the separation between the properties. The previously removed staircase at No. 55 will also be reinstated in the lower-ground-floor back room, in the same location and approximately the same size as the staircase at No. 53.

Separate Prior Approval applications under Part 3, Class MA of the General Permitted Development Order 2015 are being submitted for No. 53 and No. 55.

There will be no changes to the external appearance of either property.

Please provide details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

All rooms have windows
