Subject: 104 Basfordbridge lane

I write in response to the letter only recently received regarding the proposed double storey development at 104 Basfordbridge lane cheddleton.

This would be the second double storey building to be built in the grounds of number 104 further obscuring the lovely countryside views which we have valued since moving here over thirty years ago.

The second floor bedroom window allows another direct sight line into our living room creating a feeling of unrest affecting health and wellbeing.

Access to what would be three driveways in close proximity would be a concern and potentially dangerous.

We would not normally raise any concerns but have recently been affected by a similar new build which overlooks us at the back prompting the need to voice our feelings.

Whilst we could not wish for nicer neighbours we are sure if roles were reversed they would express the same concerns.
