Submission: Objection

Comments: The proposed entrance to this large housing estate is situated on a blind bend, it is good visibility to one side but not the other as vehicles speed up on leaving the village. There is already speeding issues on this stretch of road at this exact location as evidenced by the live digital warning side that tells people to slow down if they are exceeding the 30mph limit, this runs 24/7.

The propensity for speeding on this stretch of road is also evidenced in both directions by the regular Speed Watch Groups that stand directly opposite the proposed entrance to this site, this can be verified as fact by merely viewing the Facebook page of Local Councillor Joe Porter and how often he posts about the Speed Watch Group at said location.

So you have two separate preventive measures currently in place for speeding at this exact location, it would appear common sense that you would not want traffic pulling out into this very section of hazardous road, never mind kids on bicycles or scooters.
